FINANCES IN GOOD SHAPE AYS AUDITOR

Balanced Budget Brings
Results for Arlington;
In Corporate Fund Ac-
counts.

The finances of the Village of Arlington Heights are in reasonably good shape," were the words of Mr. Smart representing the firm of Allen M. Smart & Co., whose audit was turned over to the village Monday evening. Mr. Smart had a number of recommendations for improved methods in handling the accounts, but aside from the special assessment accounts and the money owed to the public benefit, there are few villages that are in as enviable position as Arlington Heights.

The report of the certified accountants was too lengthy to be considered at a regular meeting of the board and a special meeting will be held some time this month to consider the recommendations contained in the audit. After its acceptance a published statement of the several funds, prepared by the firm of Allen M. Smart & Co., will be published in the Herald.

The above was not all of the good financial news received by the village Monday night. Attorney Thal presented a letter from the government promising that four of the water works bonds, amounting to \$4,000 will be cancelled by the government and were being returned to the village and that a check amounting to nearly \$600 would accompany the bonds. This cancellation of bonds and check represents the final amount of the 30 per cent grant due to the village in the \$52,000 PWA project for the new water tower and deep well, completed two years ago.

Highlights of the Audit

The audit is very comprehensive and its study discloses a number of interesting figures, which are outlined as follows:

Delinquent taxes due the village since 1928, are \$117,000. Deducting \$43,000 for losses in collection leaves a net estimated amount of \$74,000 that the village should receive if a reasonable number of tax payers pay their back taxes.

The total receipts of the village for the fiscal year on funds that are covered by appropriation (including balances) amounted to \$82,000. The disbursements were \$77,000. These amounts do not take into consideration special funds, such a motor fuel tax of \$11,500; or the final payment on the PWA water job. The village treasurer's office handled over \$100,000 of corporate money during the year.

The total taxes collected totaled \$31,000. Of this nearly \$19,000 was for general fund purposes. On account of the dates when the liquor licenses were collected, the audit shows receipts of \$6,000 from that source for the year. It really represents two years fees.

Vehicle tax licenses yielded \$5,000 during the year, while the water revenue was \$16,000.

Tax warrants of previous years that were paid amounted to \$17,000, while new tax warrants issued totaled only \$12,000. The auditors complimented the village upon the manner in which all funds were segregated and paid. All fund overdrafts were from previous years and the village has not overdrawn a single fund the past year.

The above figures give a general idea of the magnitude of the business of the village of Arlington

'A' Club To Have Outing

The activities of the athletes of the Arlington Heights high school have not entirely ceased with the ending of school in June. In proof of this the members of the "A Club" are planning an outing for this coming Sunday afternoon and early evening.

Forty-three boys earned major letters in sports at Arlington this past year. This does not include lightweight or numeral awards of which there was a like number. These major letter winners are to meet Sunday afternoon at the high school at 4:00 o'clock sharp, prepared for an evening's enjoyment. Since there is to be a fine opportunity for swimming, the necessary bathing equipment had better be brought along.

It is planned to go to the "Dunes" on the lake front north of Waukegan. This is an ideal spot for swimming and picnicking. It is planned to have supper there, so each one is to bring his steak, "hot dogs," or what have you, that he may desire in the way of food.

Any of the alumni letter men who care to come, are welcome. From all indications practically everyone of this year's group is going plus a goodly number of "grads."

All those who can do so are urged to bring cars as transportation will be a problem otherwise. The cooperative spirit that has prevailed among Arlington squads these past years, makes these affairs a success, and such a spirit has added a great deal of value to the activities as engaged in by these boys.

If there is any question that may arise concerning the "get-together" get in touch with the committee, Bud Mills or Bill Harrah.

Full Pension Payments With Aid from Uncle Sam

The above was not all of the good financial news received by the village Monday night. Attorney Thal presented a letter from the government promising that four of the water works bonds, amounting to \$4,000 will be cancelled by the government and were being returned to the village and that a check amounting to nearly \$600 would accompany the bonds. This cancellation of bonds and check represents the final amount of the 30 per cent grant due to the village in the \$52,000 PWA project for the new water tower and deep well, completed two years ago.

Highlights of the Audit

The audit is very comprehensive and its study discloses a number of interesting figures, which are outlined as follows:

RECORD CROWD THROGS TRACK ON THE FOURTH

Greatest Crowd Ever to Enter Arlington Park; Hyde Park Stakes This Saturday.

The greatest crowd which ever witnessed a horse race in the Chicago area crowded every available inch of Arlington Park on July 4th, when over 42,000 people poured through the turnstiles to see the running of the Stars and Stripes handicap. Every nook of the huge stands was filled to overflowing. The lawns were crowded like sardines in a can, the parking lots were filled and cars parked for miles in fields along the roads and the C. & N. W. special trains were strung out for miles along the center track. It was a wonderful and impressive sight, the greatest outpouring of race fans in Chicago's history and one of the largest crowds to see a high class sports event of any kind.

And it was a day of thrills for the big crowds. Long shots were grabbing off most of the races and as people who go to the race track on holidays seem to like to take a chance on long shots, these folks were having the time of their lives.

Today, the super horse, had an off day and refused to try to run under his impost of 138 pounds. Stand Pat from the Seagram stable of Canada, turned up the winner of the big race. Stand Pat was a real long shot and Carioto from the Denmark barn, an even longer shot, wound up in the two hole. Whopper, one of the near choices was third.

As the crowd was a record breaker, so also was the mutual handle, over three quarters of a million dollars going through the machines during the afternoon. The huge crowd was good natured and orderly and was handled in perfect fashion by the track officials.

The races were run off promptly on time and thousands were shut out before they could reach the mutual windows. If the track officials had stalled along in getting the horses to the post, the thousands of dollars more would have passed through the machines.

The big attraction this weekend is the Hyde Park stakes for two year olds to be run on Saturday. The finest youngsters from all over the country are gathering at Arlington for this important race and another big holiday crowd will be on hand to see the fun. A race over the turf course will also be an attraction on Saturday.

NO FOURTH ACCIDENTS AT ARLINGTON

It was a safe Fourth of July in Arlington Heights and there were no injuries on account of fire crackers, which are banned by village ordinance. Police Chief Skoog estimates that 30,000 automobiles passed through the town on the way to the races and outings. This traffic was admirably handled and there was only one minor accident.

Breaks Did Not Hold

The only auto accident in Arlington Heights was a stop light collision on the Northwest highway at State road, where the brakes on the car of Albert Renner, 4749 N. Kilbourne avenue, Chicago, failed to hold when Harry Grondahl, 1044 N. Milford avenue, Chicago, stopped his car for the stop light. Mrs. Renner's head went through the windshield of their car, but escaped with the loss of one tooth and a bumped nose. Both cars continued on their journey.

"Left Turn" Violations Responsible For Over 1000 Deaths Last Year

More than 1,000 persons were needlessly killed and upward of 63,000 were injured last year because many drivers failed to observe the laws governing left turns. Secretary of State Edward J. Hughes informed motorists in a safety bulletin issued here today.

"Comparatively few motorists are aware that the Revised Motor Vehicle Act specifically provides that a motorist turning left give the right of way to vehicles approaching from the opposite direction," said Secretary Hughes.

The airplane meet is under the management of the Barrington Model Aero Shop and is sponsored by the Legion.

The contest will be held on Wednesday evening, July 15, starting at 7 o'clock and the flying field will be at the west end of the Barrington baseball grounds.

There will be special events for all type of planes and some very excellent models will be exhibited. Fine prizes will be given to winners in each event. Model builders from all of the surrounding towns are invited to enter as many as three ships which will be allowed each contestant.

No entry fee of any kind will be charged.

Entries will be closed Tuesday night, July 14. Any boy or club who wishes to enter this contest is urged to send in their names, address and nature of entry to Edwin Parke, Jr., 642 Prospect Ave., Barrington. Early entry will be appreciated.

Individual rates for farms in this county will be established by the agricultural conservation committee, and each farmer who filled out a work sheet will be notified of the class 1 payment for his farm.

It is entirely reasonable that the soil conserving payment on these highly developed truck farms will be much in excess of the average of the county of \$13.10. In fact, it

is rather fair to presume that it will go, in some cases, to quite twice the average of the county or nearly so. Our Cook County truck gardeners are highly appreciative of the effort which Mr. Barrett and others have put in to bring about something like a proper solution to this problem of payment to truck gardeners which is common only to Cook county.

Rates for Cook and other counties were based upon the productivity of all farms in each county, taking into consideration average acreages and yields of principal soil-depleting crops over a period of years. The figures were compiled by the Agricultural Adjustment Administration from reports furnished by the state statistician, the state extension service of the agricultural college, the Bureau of Agricultural Economics and the agricultural census.

Mr. Barrett pointed out that the class 1 payments are different from class 2 payments which are made for following approved soil-building practices and are limited to one dollar for each acre of soil-conserving crops on the farm. Farmers may qualify for either or both types of payments.

Entries will be closed Tuesday night, July 14. Any boy or club who wishes to enter this contest is urged to send in their names, address and nature of entry to Edwin Parke, Jr., 642 Prospect Ave., Barrington. Early entry will be appreciated.

Relief Orders Are Held Up

Supervisor Chas. F. Grandt and Howard Helm, town clerk, have been doing everything possible to find some means by which relief orders can be released to local families upon the relief roll.

Supervisor Grandt is aware of the great need for relief that exists but at the present time has no funds for that purpose and he has no legal right until after the town meeting of next Tuesday to issue any orders.

The voters and residents of the town itself, must pass certain resolutions at that meeting before Mr. Grandt can take up the duties of relief commissioner as outlined under the new law.

Mr. Grandt is in hopes that immediately after that meeting, he will be able to accept applications and issue orders. He has had the necessary blanks printed and everything is in readiness, provided the voters at that meeting place their O. K. upon a special relief tax levy.

The state money will not be available until about July 20, and it may be possible that no relief orders can be issued until that time.

Mr. Grandt's bands are tied and he can not act until proper legal formalities are completed—and it can not come any too soon to suit him.

The supervisor will not hold off his services at his home, but will have quarters in a local business block, announcement of which will be made later.

We Told You So

The "bleeding" of Campbell street, through the business district, these hot days caused a big wail to arise from the adjoining business houses and flats, who found tar being carried onto their floors.

In reply to the complaints, Mayor Flentie and Street Commissioner Wm. Luehring could reply, "we told you so." When the street was improved last fall, the contractors insisted that the gravel stone placed upon the street be allowed to remain, but due to the existing dust, the street department bowed to the wishes of the business men and swept off several truck loads. Again bowing to the wishes of the business men, the stone has now been carried back onto the pavement to absorb the "bleeding." West Campbell and streets near the high school where the stones were allowed to remain, are in perfect shape.

The town supervisors have re-arranged official authorization slips of the amount of sales tax money that each will receive for the month of July and are as follows:

Barrington	\$ 494
Elk Grove	123
Hanover	585
Maine	1,224
Niles	1,125
Northfield	822
Palatine	1,365
Schaumburg	74
Wheeling	1,543

These amounts are about 60% of the estimated need of the towns. The only apparent course left to the supervisors is to cut the amount of relief that each family is to receive.

New applications must be filled out and the individual family must tell its financial history, etc.

Zephyr Cafe, Northwest's Finest Restaurant, Now Open in Des Plaines

Under the management of Sam and John Ladas, the new Zephyr Cafe, said to be the last word in beauty, modern design, comfort and service, is now open in Des Plaines. To the hundreds of people Ladas management means the best in food, both in quality and preparation. Good food will typify the new Zephyr Cafe at Des Plaines.

The proprietors extend a cordial invitation to the people of northwest Cook county to enjoy a delicious dinner in a delightful place, the Zephyr Cafe.

Leave to Attend Shrine Convention at Seattle

Three local members of the Medina Shrine, left Tuesday to attend the Shrine convention at Seattle, Washington. Robert Schoppe, of Palatine, will attend as a member of the Medina brass band. Alderman George Schafer, of Arlington Heights, is a standard bearer. Herbert North, also of Arlington Heights, will be accompanied by his wife.

The Medina special train will stop at Boulder Dam, Los Angeles, San Francisco, Glacier National Park and other places.

Stock Goes Up At Arlington Bootery

Mr. and Mrs. Carl Ewert of 827 S. Mitchell, Arlington Heights, are the happy parents of a baby daughter who arrived at the Evans hospital July 3. "It just missed being a Fourth of July baby," says Carl, "but it means that we will always have a double Independence Day celebration in our family." In the meantime Carl has an extra smile as he sells a pair of shoes and if the customer happens to be buying baby's shoes, why Carl has two smiles—for Carl is a daddy now.

Each week a Scout is picked as the Honor Camper of the week. The Honor campers of the entire season are privileged to go on a special honor camping trip to be held immediately following the close of camp in August. The trip will be made to some point in northern Wisconsin. Life Scout Lloyd Patterson of Troop 17 of Park Ridge was selected as Honor Camper for the first week and George Berquist, also of Troop 17, was chosen as alternate.

Local Residents Injured By Car of Race Tracker

LaVerne Storm, 14, daughter of Mr. and Mrs. Walter Storm, 629 S. Highland avenue is in the Mt. Prospect hospital with a possible skull fracture, as the result of an auto accident which occurred at Harvard and So. Dunton, Arlington Heights about six o'clock Tuesday evening. Miss Rose Tonne, of the Herald, sustained numerous cuts and bruises and George Klueg, a broken shoulder bone. Mr. Klueg was driving east in Harvard street and had nearly crossed the intersection of So. Dunton when the rear fender and wheel of his car was struck by a Buick sedan being driven by John Stockler, who is residing during the race track season at 430 So. Dunton. From evidence on the pavement, the car of the latter turned into the Klueg car and not away from it. Stockler received no injuries and his car small damage. The Klueg car turned over twice and is wrecked.

Engineer Consoer Praised Results At Recreation Park

Arthur Consoer, of the engineering firm of Consoer Townsend and Quinlan, saw the new tennis courts at Arlington Heights recreation park Tuesday evening for the first time. He was delighted with the courts and was hard to convince that these courts which were set up in the project to cost \$18,000 really cost the village less than \$100. He viewed the other features of the park and when he left, ventured to state that in his belief there is not another community in the Chicago territory that has received so much on a WPA project at so little cost as has Arlington Heights.

Young Local Man Makes Good

Oliver Lynke started in at the Arlington Theater one year ago as an usher at \$2.50 a week. Ollie was appointed assistant to Mr. Godshaw this week, taking over the majority of the managerial duties at a salary of \$8 or 10 times as much as he started in with. Ollie has a host of friends in this territory who are glad to see him grow. Edgard Fleitman is the new door manager and treasurer.

Ollie's specialty is the cooling system. He tinkers with it constantly and has it now where he can guarantee a temperature of 68 at all times. He says he can do 55 but that's bronchial temperature and he doesn't like to see the customers laid up. The cool Arlington certainly is a boon on hot nights.

**Godshaw Buys 28,915
Pieces of Genuine Cut Glass**

You can see the layout at the Arlington Theater now. Every blue base white top crystal item ranging in loop sale values from \$6.00 a dozen to \$9.00 a dozen—50c and 75c each plus a \$2.50 individual item. The Arlington management bought the entire and exclusive lot—enough for everybody in town and vicinity to get a complete set. They'll start to give them away most any Wednesday and Thursday night, soon. Harker's sugar bowls and meat platters are en route and these will wind up the Harker distribution. Cups and plates are the layout for this week.

CARD OF THANKS

It is with deep appreciation that I wish to thank the ladies auxiliaries of the Merle Guild Post for their kindness in sending me to the Boy's State Convention at Springfield. It was a great advantage to take part in the workings of the government.

James A. Jensen.

THANK YOU

We want to thank all who were willing to go to the hospital for a blood transfusion for our son, Nicky.

ARLINGTON HEIGHTS

What is the news? There's much worth while, And maybe some will make you smile;

In homes where death make friends grieve much, We tell with sympathetic touch,

Sports reports cover columns loud, It is all right if it please the crowd;

Our Editor you should applaud, For the brave way he shows up fraud;

It would most please to place good cheer,

In our home paper's columns here, **R** and tell us on the test, If you don't think we do our best.

What comes after the Fourth? Why the fifth, of course, and all the bills to pay.

Camp meeting opened Sunday, July 5. Crowds filling the amphitheater. Bishop Waldorf was the speaker for the opening service—none could be better.

"Behold how great a matter a little forekinneth." A little girl's firecracker set fire to a canvas tent, four business blocks were burned and fifteen families made homeless; over a million dollar loss.

Mrs. Frank Krulish of North Vail avenue, has been ill and in the hospital for treatment, two weeks or more.

Mr. and Mrs. Wm. Reiter and little son from Des Plaines were guests of relatives in the Heights last week.

The bell of St. John's church tolled Monday morning for the death of Mrs. Minnie Sachs, of No. Dunton avenue.

Mrs. H. C. Cleveland went to Chicago Friday, to visit her niece, Mrs. Warner, who is recovering from a recent illness in her home.

Mrs. Fred Oepel and daughters from Corpus Christi, Texas, are visiting her relatives here and at Crete during the past week.

Richard Wilke, who is now in his new position in the National Tea Store, at Antioch, spent Sunday at home with his parents, his father took him back to his place of business after his visit at home.

The O. M. Johnson entertained some of Miss Millie's friends from St. Louis, the Fourth; also another family from Evanston, a sort of grand finale for the Fourth of July.

Mr. and Mrs. Steve Kyska, on North State road, are the parents of twin sons, born the Fourth of July. Suggest they name these boys George Washington and Abraham Lincoln, or just plain George and Abe.

Edward Adam came home the Fourth to spend a happy vacation from business with his home folks, adding greater joy to the family group in the old home.

Mrs. Regina Horcher, who recently passed her 91st birthday, spent the last week-end including the Fourth, in the city, guest of her niece, Miss Hibbard. Mrs. Horcher is remarkably well and active, going and coming from Chicago, as she wishes. She is in her home on North Evergreen with her son and his wife, Mr. and Mrs. Jos. Horcher and children.

Mr. and Mrs. Carl Ewart are the parents of a daughter born Friday, July 3, in an Evanston hospital.

Mr. and Mrs. Grose are improving the summer vacation period in taking a summer course most helpful and enjoyable in their work at Northwestern university.

Mr. and Mrs. Rector and children accompanied by Miss Virginia McElhose enjoyed a delightful stay at Lake Geneva recently.

Robert Knox came out from Chicago and joined the McElhose family in the Fourth of July celebration.

One of the pre-Fourth parties was given by Miss Gertrude Adam in the Adam's home, when she entertained forty guests in a sorority group. The place was ideal for such a party, the outdoor spaces the trees and flowers and above all the generous hospitality of the Adams home. Classic literature may be their high aim, but we venture those forty guests vastly enjoyed nature's beautiful setting and the royal hospitality with a real zest, classics on no classics.

The Social Five Hundred are to be entertained by Mrs. William Walbaum in her home on North Dunton avenue, Thursday July 9. This club or group always enjoy a genial good time together. We are sure the meeting this week will be one of the very best.

The Ceosa club met Thursday, July 2, and after transacting their routine business, the members and their hostess agreed to turn it into a regular birthday party for one of their members, who was present, Mrs. George Peterson. A jolly party, a birthday cake with all the pretty trimmings, personal gifts, a pleasure and a surprise to the guest of honor and better yet, a happy memory through all the years to come. All join in happiest good wishes for her 50th year.

There was a second birthday for Mrs. George Peterson in her own home when her mother, Mrs. C. C. Schwartz and all the brothers and sisters came into her home to give her a happy family reunion, Sunday, July 5. All wishing her many happy returns.

A family group of the McElhose family spent the Fourth of July at Deer Grove. They had a genuine Woodland picnic, a real choice variety of all the choice dishes belonging to this date. Broiled chicken, new potatoes, peas, and cherry pie, ice cream and "what have you?" Arthur McElhose and his family, James and family and Miss Laura and Mr. and Mrs. Schuerstein from Forest Park. They enjoyed the woods, the flowers and all nature's children in the great out-of-doors, as only such students of nature as Arthur and others of the McElhose family, we well know to be. Not only the trees and flowers, but the little brothers in the air and in the grass.

Mrs. George Peterson of North Dunton avenue, left here the first of July for Detroit, Michigan. There she is the guest of a former schoolmate. Later on Mrs. Peterson will go on to Canada, accompanied by her hostess. Indeed they are just in for a round of good times. Hope it will be a glorious vacation for Mrs. Peterson.

Mrs. Anna Sciaro on South Dunton avenue, entertained as Fourth of July guests, her sister and family from Chicago.

Mr. and Mrs. J. Intravartolo and children are staying with their mother, Mrs. Schirick, in her home, while their home is rented to the race track people.

Mr. Nick Sebastian, a former Chicago policeman, is staying a short time in the Heights with his sister, Mrs. Katherine Lauterberg, to get away from the scorching heat of Chicago.

Mrs. E. A. Elfeld came home from St. Louis last of the week, where she had been for some time with her sister, Mrs. Cook, who has been critically ill.

Mr. and Mrs. Walker White left Sunday, for an outing at the Dells of Wisconsin. Mrs. Helen Schulenberg accompanied them. A grand place to spend vacation.

Mr. and Mrs. Jacob Bauer entertained a group of relatives from Chicago, over the Fourth and the week-end. You may be sure they enjoyed Mrs. Bauer's tip top cooking.

William Hefferen spent the holidays with Chicago friends, who drove up to Minneapolis. There Mr. Hefferen visited an old army friend and pal, who worked with him on the same gun in France during the World War.

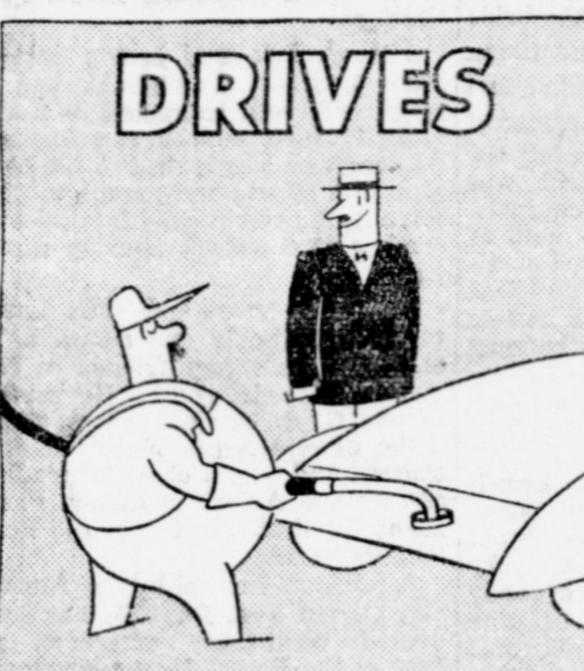

Mr. and Mrs. Anthony Dreher are parents of a daughter, born June 29. Their home is on S. Vail avenue.

Mr. F. Briggs came home and took up his work in the city after his trip to Iowa, to attend his mother's funeral. The Briggs family with Mrs. Briggs' mother, Mrs. Simonson, are at Earlville for a vacation.

Friends here have word from Mrs. D. G. Beaty, that she is now pleasantly spending these hot July days in the home of her son, Mr. George Beaty at Bridgeport, Connecticut.

1! 2! 3! EXTRA VALUES

all for the price of ordinary gasolines

A POWERFUL HI-TEST GASOLINE

You get faster, smoother, more powerful action when Tydol drives your car. This long-mileage motor fuel has an anti-knock rating unsurpassed by any gasoline ever sold anywhere at the regular gas price.

A PATENTED TOP-CYLINDER OIL

Without cost to you every Tydol gallon contains 192 magic drops of top-cylinder oil. Valves and pistons slide swiftly, surely. They get the extra oil they need...and you get extra power from your motor.

A SPECIAL CARBON-SOLVENT

Without cost to you, carbon, rust and corrosion are reduced to a minimum. Tydol's lubricant contains an efficient carbon-solvent that softens gummy deposits, cleans up sticky valves and pep's up your entire motor.

Red Wings Break Even Over Holidays

The Red Wings split their two games over the weekend when they lost at Silver Lake 14 to 2, and came home the next day to trounce Morton Grove 6 to 5 in a fine game, which found Art Dieball as the winning pitcher for the Red Wings. Morton Grove got nine hits while the Red Wings pounded out twelve.

The Red Wings scored the first run of the game when Joe Brodman and F. Brodman each singled in the first inning, and came back with a second run on a hit by Meyer, which came between two errors. Morton Grove then put over three runs in the third to take the lead. This lead was short lived, for in the 5th on a walk by Kehe and hits by F. Brodman and Willert, the Red Wings scored two runs to lead 4 to 3. The seventh inning once more saw the battle change when Morton Grove pushed over two runs to go in front. The Red Wings put over the tying run in the eighth when R. Dahlstrom, making his first home appearance as a Red Wing, pounded out a long triple and scored later on a wild throw by the pitcher. The winning run came in the 9th on a single by F. Brodman and a double by Hertel. Art Dieball relieved Diederich in the 7th when he weakened a little and pitched fine ball the last two innings to hold Morton Grove at bay.

Very little can be said about the 4th of July game at Silver Lake in behalf of the Red Wings, for the pitching was not up to standard and the hitting was very mild. The fact that the game was played on a field in the woods, that looked like the cattle had just been grazing there, also added to the misery of the Red Wings. R. Hertel with two doubles, Bolte with a single and double and Dahlstrom with a long triple shined at the plate for the Red Wings. The pitching was done by Diederich, M. Kehe and R. Dahlstrom.

Lorraine Schwake Bride Of Henry Studtmann In Beautiful Ceremony

The Engelking home at 226 S. Vail Avenue, Arlington Heights, was a most beautiful scene on Saturday, June 27th at 7:30 p.m. as Lorraine Schwake became the bride of Henry Studtmann. The living room was beautiful with palms and baby breath and large bouquets of mixed garden flowers forming the aisle. The wedding march was played by Mrs. Walter Scherpelz, sister of the groom. The maid of honor was Eleanor Studtmann also a sister of the groom, and was dressed in pink lace with taffeta jacket and carried a large bouquet of pink roses. The other bridesmaid was Margaret Kastning, dressed in pale blue silk and carrying pink roses.

The ring bearer, Ralph Engelking, ring in white satin, walked in with the flower girl, Janet Lou Studtmann wearing a very pretty dress of yellow organdy and carrying a basket of pink roses and baby breath. They were met by the groom. Ray Eissfeldt was the best man; the other usher was Marvin Busse.

Just before the ceremony Ruth Studtmann, cousin of the groom, sang, "Jesus Still Lead On." Just as the Rev. Friske pronounced them man and wife the clock chimed eight o'clock. Ruth Studtmann sang, "Because."

The couple received many beautiful gifts. The main attraction was a modernistic wedding cake baked by the groom himself. Dinner was served at 11 o'clock to 80 to 90 guests. A delightful evening was spent until the wee hours of the morning.

The happy couple spent their honeymoon in Wisconsin.

Scouts Orville Bolte, James Johnson, Robt. Jenson, Joseph Morici, John Otzen, Paul Wood of Troop 5 of Arlington Heights are in camp at the present time.

this German farmer boy and among them all was a cable from the busiest and most publicized statesman of the day—one from Hitler—one of congratulation and joy, that Schmeling will treasure as the symbol of recognition for courage and brawn.

Funeral services were held Wednesday afternoon July 8, 1936, at Karsten's Funeral Home; interment in St. John's cemetery.

Elmer Lamprecht Passes Away

Elmer Lamprecht, a former resident of Mount Prospect, passed away suddenly Monday evening at the Swedish Covenant hospital in Chicago.

Though hale and hearty just a week ago, Mr. Lamprecht had a couple of teeth extracted as a result of which a blood clot formed.

Although he was rushed to the hospital and efforts were made to dissolve it, the clot proved fatal, death coming at 6 o'clock Monday evening.

Only 39 years old Mr. Lamprecht's untimely end comes as a shock to his many friends in the village and elsewhere. He served in the U. S. Marine corps, from which he received an honorable discharge, and was a charter member of the local American Legion Post. He is the first member of the Post to pass away.

A military funeral by the American Legion Post No. 525, was conducted Wednesday afternoon at 1:30 at the Forest Home cemetery.

Mr. Lamprecht formerly resided in the home at 319 Prospect Manor and was a resident of the village for about 6 years. He was a nephew of W. A. Wieboldt and was employed by the Wieboldt foundation.

Just before the ceremony Ruth Studtmann, cousin of the groom, sang, "Jesus Still Lead On." Just as the Rev. Friske pronounced them man and wife the clock chimed eight o'clock. Ruth Studtmann sang, "Because."

The couple received many beautiful gifts. The main attraction was a modernistic wedding cake baked by the groom himself. Dinner was served at 11 o'clock to 80 to 90 guests. A delightful evening was spent until the wee hours of the morning.

Mother of Fayett Briggs Briggs; Dies; Result Of Fall Last Month

City, Iowa, where she had been ever since her fall. In his grief at not reaching his mother, while she was yet alive, Mr. Briggs feels thankful that her long suffering is ended and that with her now all is well. Mr. Briggs is the only one of his family now left on earth. His mother's body was interred in the family lot at Rudd, Iowa. We extend to Mr. Briggs sincere sympathy, yet feel he must rejoice that his dear mother's sufferings and sorrow are changed to joy in that home where she passed from earth life in Charles pain and sorrow are no more.

Monday evening, June 29, a large company of relatives came from Chicago and environs to the home of Mr. and Mrs. Raoul Peeters for a farewell to Mr. and Mrs. Walter Barrington, their son and daughter, who died Tuesday morning, for their home in Reno, Nevada. They had visited in many localities both here and in Indiana, where Mr. Barrington's old home relatives and friends still live as well as his business associates there and in Chicago.

FRIDAY, JULY 10, 1936

Mother of Eleven Dies From Fall On Sidewalk

Mrs. Frances Mesko, 36 S. Highland, Arlington Heights and a mother of eleven children, the youngest of whom is only 15 months old, fell, striking her head on a cement sidewalk Sunday and was found dead in bed the next morning.

She started to enter the house, when she stepped upon a golf ball. The ball was only from a porch step and the family had no suspicions of the extent of the injuries. As she appeared to be getting better, no physician was called.

The funeral was held Wednesday afternoon at the Lauterburg & Oehler funeral home, with interment in Arlington Heights cemetery. Rev. Kossack officiated.

Mrs. Frances Barnik, was born in Czechoslovakia, July 10, 1896, and came to this country in 1913.

On July 11, 1915, she married Andrew Mesko and to this union was born 11 children.

She is survived by her husband and the following children: Mary, Anna, Frank, Josephine, Andrew, Ladislav, Thomas, Stephen, John, Donald and Walter; also her mother, Caroline Vidrich and her step-father, Frank Vidrich.

One step brother, Thomas Vidrich of Arlington Heights, two step sisters, Pauline Goertz of Norwood Park, Mary Stankovich of St. Louis, Mo., besides other relatives and friends.

Girls Ball Club Asks For Support

To the People of Arlington Heights:

Dear Friends:
Commencing last Friday, July 3, we started our active home season, playing our games at the North Side School grounds. The school board graciously granted us this permission and we wish to take this opportunity to publicly thank the Board, for its help in furthering the interest in girl's athletics in Arlington Heights.

In the early part of the season a notice appeared in the town paper inviting all girls desirous of playing ball to come out for our team. The invitation still stands, the team is open to all willing workers and those having the characteristic good sportsmanship of Arlington. We try in our humble way to further interest in, and advertise Arlington Heights, "The City of Good Neighbors."

We now appeal to the people of Arlington for their real, as well as their moral support. A show of interest on your part would greatly stimulate our playing. We have arranged for games with the better teams in and around Chicago. Watch the paper for notices of our games.

At this time, we wish to thank Mr. Charles Paddock of the Cook County Herald for his kind interest and hearty cooperation.

Yours truly,
The Arlington Girls
Baseball Team.

Backing in Old Mirrors

Old mirrors were backed with tin foil and mercury. The glass was thoroughly cleaned and the foil was then laid on and made smooth. The mercury was subsequently poured on the foil and the excess sponged off.

OBSERVER'S NOTES

OB—1
Starting a new month today, In the hot old summer time;
List; each morning on the way—
To hear the gaybells chime,
Every day as you advance.
Life brings you another chance.
When you greet the morning sun
As on life's long way you run
You will find some project new
On the program waiting you.
Have no fear of growing old,
Each new year, new hopes unfold
Courage! As you onward go
Joying more, and more to know.

These notes are written a day or two before the Fourth. It would be interesting to look back over the years, be they few or be they many, and recall how some of your Fourths were spent.

One recalled vividly by Observer was spent at Gardner, Illinois. The band was ready for the sendoff, but a flag, a large one, had become loosened from the tall staff. There was a great commotion as to how it was to be fastened.

Suddenly out of the crowd came a man introduced as a sailor, who climbed the staff and fastened the flag safely to the rousing cheers of the crowds. And the day was saved. A sailor to those living in an old prairie town was an unusual personage to see and his agility in climbing the high pole was something a child was sure to remember.

We would like to make you happy With some wisecracks, new and snappy.

But to tell the truth They are all wisecracks made over From the western coast to Dover Lost is all their brilliant snap with a tang of soured sap. Writ in Adams youth.

The worst of it is in our time, when we hear old wise cracks or pitiful anecdotes made over they lose the real point and the crack has gone out in the dull perception of the late revision. Wonder if there is any real wit and humor left in our dull generation, dear not.

Was it Bacon who said: "Three things make a country great: Ferre the soil, busy work shop and an easy way to get from place to place." All three of these things our country has, beyond Bacon's keenest imagination. Yet in order to keep our workshops busy we need our much opposed protective tariff. Otherwise foreign countries will gobble up our raw material, take them across seas, keep their workshops busy and send the manufactured goods over here to gut our markets.

True it is we need more buy workshops, making use of our raw materials at home. We need a people who believe in our home products. The greatest and most varied of any nation on earth. We need our people to make use of our vast resources in other ways than oratory and flamboyant editorials.

Away with politics until we have to listen to the antics of a third nominating convention. Two have seated us until after the great and fourth—just now let us think about something pleasant, our unequalled beauty of birds and flowers.

We too often fail to find contentment in our own home surroundings never this side of heaven, were there more beautiful flowers in wealth of form and color than right here at home. If you should climb some rocky height where ocean breezes white caps showing,

You would not feel the touch of life.

Old Michigan is to us blowing, hills with summer zephyrs wafting over.

You'll never find a flower that fills, With fragrance like our home land,

clover.

Each season brings its own charming variety of flowers. Just now as we look from our windows we see the fading syringa yielding its short reign to masses of daisies and elder blossoms, pure white lace, beautiful as a bridal veil. The wild roses in all their fragrance and rosy color.

The violets are giving way to pansy blooms, and in our garden the hibiscus and scarlet lilies are in bloom. Wisteria still hangs its clusters of lilac and lavender blossoms, and the rambler rose is climbing higher to show its bright blooms.

Out in the mulberry tree the mock bird sends out a querulous complaint at the oriole and robin infringing on his special branch of the berries. Out in the garden and about the lawn are set pans of water for the birds, and you should hear them wrangling over the order of the bath.

Birds and flowers in infinite variety, yet nothing just now can compare to the deep interest and excitement of the late conventions, and yet there's more to follow.

One thing we were pleased to note in the Democratic convention was a return to common sense and normalcy in the discard of high spike heels. Some who wore these monstrous pagan shoes in beginning left them off for sensible low heels when they saw other high official ladies, so sensibly, many with low heels or none at all.

We know the next weeks are to be taken up with the paramount question of voting. It is now fifty-fifty whether the voters be women. Even it will be the same in convention for official positions, for we remember the Scriptures say God gave "them" the first man and women dominion over the whole earth."

Will you vote for the cleanest man, The man who aims to be right? Or will you vote with some clan? In a sordid senseless fight?

Will you vote for motives pure, For standards lofty and true; Or will you vote to secure Some favor, as all schemers do?

Yet your vote, is a sacred thing, An office a sacred trust For the steadfast honoring Of principles right and just.

Will you vote, as you would vote If your mother was by your side And your conscience keenly smote.

If you failed for right to decide?

Will you vote, as likely you would If you knew that vote you cast For which for evil or good Would certainly be your last?

Yes, a vote is a sacred thing, An office a sacred trust To be used in honoring Of principles right and just.

Holidays tempt the "cheerful idiot" to look back to other days: So felt this one the other day; just a bit gloomy. When in walks J. J. Dietrich, our kindest best old time friend and neighbor. The gloom was flooded with sunshine and almost shone on tears. But they come no more. So happy to see Mr. Dietrich looking so brave and well.

A courageous soldier is J. J., who has passed through sorrow and trials. How we missed his dear life companion. "But God does not take our dear ones far and they are loving us wherever they are." Mr. Dietrich will be back after a visit to relatives elsewhere and a family picnic at Aurora. He sees great changes here, and so many of the older people

You would not feel the touch of life. Old Michigan is to us blowing, hills with summer zephyrs wafting over. You'll never find a flower that fills, With fragrance like our home land,

no longer here.

First thing over radio, over WLS the morning of Saturday, July Fourth, was the Sunday school lesson treated by J. G. Holland of the Little Brown Church of the Air. This Dr. Holland will speak over WLS every Saturday morning at 8:30. It is a helpful Bible study. Watch your program for it next Saturday.

Summer is hurrying on apace, The glorious Fourth, the big horse race; If you hold money in your hand Just shut your hand and clutch it tight.

While you listen to the band Your money may fade from your sight; Don't bet on any horse or show, When nature's out of tune.

I only know like fierce the heat That throbbed through May and June.

Nor yet foresee what we may meet

When the sun's out of tune.

I only know like crimson silk, The poppy petals lie In heaps, where late as white as milk.

The snowflakes drifted by.

There still may flow sweet harmony—

From ways beyond my ken;

The problem is too high for me;

Go ask some child of ten.

Purnell & Wilson Put On Big Show For Customers; Free Ice Cream To All

to keep everybody cool, is in line for Purnell & Wilson customers at Des Plaines, Saturday night when the monthly Fordough event opens at 8:45 p.m.

Widespread interest in Purnell & Wilson's novel customer benefit plan has brought large numbers of people from all over northwest Cook county to these monthly profit sharing meetings. With added features announced, a record breaking gathering is expected Saturday night. Those who plan to attend should make it a point to be on hand promptly. The Fordough event will be staged on the used car lot at Pearson and Miner streets.

CARD OF THANKS

In regards of the recent fire which occurred on my farm last Friday afternoon, I kindly thank the Mt. Prospect Fire Dept. and my kind neighbors for their prompt action they have shown to help fight the fire.

A slight turn of the wind would have caused a hard fight.

I shall never forget your prompt action in meeting the fire.

Yours truly,

Herman Busse.

STABILITY

A SIDE from vaults and tear-gas, the safety of any bank . . . its ability to protect its depositors' funds . . . lies in the stability that comes of conservative management and proved business judgment.

For 25 years, this bank . . . your bank . . . has served Mt. Prospect and the surrounding country.

Recent years have tested its stability and proved the value of conservative banking as a safe-guard to the financial well-being of the community.

See in Different Directions

The curious little reptile that is noted for changing its color to suit its background, the chameleon, and the small oddly shaped fish known as the hippocampus or sea-horse, have one peculiar characteristic in common. Their eyes move independently of each other. When a chameleon gets one eye focused on an insect it moves the other eye until it, too, is focused on the prospective prey. Then it darts out its long, sticky tongue to make the catch. Persons observing sea horses in aquariums have noted that their two eyes appeared to be looking in opposite directions.—Detroit News.

BENSENVILLE TO REVISE ITS ASSESSMENTS

Board Lets Contract Thursday; Vote Salary Increases; Ask Bids on Fence Material.

Complete revision of the special assessment records of the Village of Bensenville was voted last Thursday night by the Bensenville board. The contract for the work which virtually means the establishment of a new system of book keeping was given to the Raymond S. Blunt Company, a Chicago firm of certified public accountants. The cost of the work will be at the rate of \$25 a day for the supervising accountant in charge, \$15 a day for an assistant of the company which will employ, and the services of a local man at a much smaller figure.

Increase Salaries

The board voted to increase the salary of the Chief of Police, Harry Kolze, from \$150 to \$175 per month, starting July 1. Policeman Kolze, who is subject to duty 24 hours of every day in the year was also given a two day vacation each month by approval of the board members. The police force was also strengthened by the appointment of two special officers, Jack Thomas and Albert Kolze. They are subject to call at any time and they will be paid 50 cents an hour while in service.

Another salary increase was voted when the board approved a motion to raise the pay of the water superintendent, Leonard Wagner, from \$125 per month to \$145. Michael Kross of Elmhurst was reappointed village attorney at a salary of \$150 per year.

Collects \$154 In Fines

The report for the month of June of Police Magistrate, Julius Frey, showed that \$154 was collected from fines in his court. During the month he heard 45 cases, 31 auto cases netted \$88; 8 criminal cases were responsible for \$51; and \$15 was collected for two infractions of village ordinances. The largest fine was \$25.

Harry O. Zolke reported collection of \$9.12 for delinquent water bills during month of June. He also reported \$122 had been received via dog taxes.
